ENVIRONMENTAL POLICY

1. INTRODUCTION

1.1 At 22live, we are committed to advancing environmental sustainability and ensuring responsible governance in our operations. Recognising our role in the live productions industry, we strive to reduce our ecological footprint and set an example for responsible business practices.

2. EQUIPMENT MANAGEMENT

- 2.1 We prioritise the purchase and usage of durable and long-lasting equipment.
- 2.2 Our rental services model promotes the reduced need for manufacturing new products.
- 2.3 Equipment maintenance and repairs are emphasised to extend life and prevent wasteful disposal.
- 2.4 We advocate for energy-efficient audio and lighting equipment to minimise energy consumption.

3. DIGITAL OPERATIONS

- 3.1 Our operations, from quoting to accounting, are mainly paperless, with electronic methods favoured to reduce waste.
- 3.2 Printers are used sparingly, ensuring paper is used only when absolutely essential for task performance.

4. WATER USAGE

- 4.1 Our water consumption at 22live is minimal, utilised mainly for sanitation purposes and occasional equipment cleaning.
- 4.2 We have incorporated half and full flush systems in our toilets to conserve water.

5. WASTE MANAGEMENT AND RECYCLING

- 5.1 We have implemented recycling procedures for cardboard packaging, cans, plastics, and paper.
- 5.2 Cardboard packaging stands as our predominant waste, and we encourage its efficient recycling.
- 5.3 We are largely paper-free, underscoring our commitment to a sustainable future.

6. TRANSPORTATION

- 6.1 Staff and subcontractors are encouraged to use public transportation or car-sharing options to reduce individual carbon footprints and traffic congestion.

7. COLLABORATION & EDUCATION

- 7.1 We collaborate with vendors and manufacturers who demonstrate a commitment to environmental sustainability.
- 7.2 Staff training is undertaken to reinforce our dedication to eco-friendly practices and to ensure these standards are upheld.

8. FEEDBACK AND CONTINUOUS IMPROVEMENT

- 8.1 Feedback is sought from clients and partners to enhance our sustainability measures and keep our processes up to date with industry best practices.

9. CONCLUSION

- 9.1 Our dedication to environmental sustainability is unwavering. We are continually seeking ways to reduce our environmental impact and contribute positively to a sustainable future for all.

This Policy will be reviewed annually and updated as necessary. The management team endorses this policy and is fully committed to its implementation.
